## Anti-YFP

## Source: Goat

General description: Goat polyclonal antibody to YFP (yellow fluorescent protein). YFP is a genetic mutant of green fluorescent protein (GFP), derived from Aequorea victoria. Its excitation/emission peaks are $514 / 527 \mathrm{~nm}$ respectively.

Alternative names: Yellow fluorescent protein antibody.
Form: ?Polyclonal antibody supplied as a $100 \mu \mathrm{l}(3 \mathrm{mg} / \mathrm{ml})$ aliquot in PBS, 20\% glycerol and $0.05 \%$ sodium azide. This antibody is epitope-affinity purified from goat antiserum.

Immunogen: Purified recombinant peptide produced in E. coli.
Specificity: In 293HEK cells transfected with cds plasmid detects a band of 27 kDa by Western blot. This antibody also recognizes GFP and does not recognize mCherry/red fluorescent protein.

Reactivity: Reacts with Transfected cells proteins

| Sample | WB | IHC (F) | IHC (P) | IF | ELISA |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Transfected cells | +++ | +++ | +++ | +++ | ND |

+++ excellent, ++ good, + poor, ND not determined

## Usage:

WB: $\quad 1: 500-1: 2,000$
IHC (F): 1:50-1:1,000
IHC (P): 1:50-1:1,000
IF: $\quad 1: 50-1: 1,000$

Storage: For continuous use, store at 2-8 C for one-two days. For extended storage, store in -20 C freezer. Working dilution samples should be discarded if not used within 12 hours.

Special instructions: The antibody solution should be gently mixed before use..

Immunogold labeling of epithelium cells, in vivo injected with YFP expressing vector;

Anti-YFP Ab at 1/2,000 dilution; 293HEK cells transduced with YFP Ad; lysates at $50 \mu \mathrm{~g}$ per lane; rabbit polyclonal to goat $\operatorname{IgG}$ (HRP) at $1 / 10,000$ dilution;

For research use only, not for diagnostic use

## SICGEN's Proprietary Immunogen Policy

In order to produce high specific antibodies SICGEN has invested a lot of time and effort into selecting immunogen sequences. SICGEN has decided to protect this information by not publishing it on the website. However, these sequences are available on request.
