

**Danofloxacin-BSA Conjugate**Catalog number: 50017  
Unit size: 1 mg**Product Details**

---

Storage Conditions	Freeze (<-15 °C)
Expiration Date	12 months upon receiving

**Chemical Properties**

---

Appearance	Liquid
------------	--------

**Applications**

---

Danofloxacin-BSA Conjugate is used for developing anti-danofloxacin antibodies that are typically used in an ELISA assay. Danofloxacin-BSA Conjugate has multiple danofloxacin molecules on each BSA to maximize its immunogenicity.
